

# **Employment Opportunity**

## **Job Title**

Field Assistant / Drilling Support (Contract Position)

## **Employer**

Emerald Geological Services (EGS)

## **Company Overview**

Emerald Geological Services (EGS) is a privately owned mineral exploration company with over 25 years of experience, operating primarily in northern Ontario. EGS provides geological and exploration services to several junior exploration companies.

## **Position Summary**

Emerald Geological Services is seeking a contract worker to support mineral exploration and drilling activities. The role involves field-based work associated with drilling programs and related exploration tasks in remote northern Ontario locations.

## **Start Date**

Approximately January 10

## **Term of Employment**

Initial term of 2–3 months, with the possibility of schedule adjustments depending on drilling progress.

## **Work Schedule**

- Workdays may exceed 8 hours depending on operational requirements
- Drilling schedules may include breaks every 2–3 weeks
- Field-based rotational work

## **Compensation**

- \$275 per day
- A “day” may include work beyond 8 hours as required by the project

## **Coverage and Benefits**

Emerald Geological Services will provide:

- WSIB coverage
- All required Personal Protective Equipment (PPE)
- Reasonable travel expenses, meals, and accommodations

## **Accommodations**

- Accommodations may be provided at Sapawe or other project-appropriate locations

## **Work Location**

- Primarily remote exploration and drilling sites in northern Ontario

## **Additional Notes**

This is a contract-based, field-oriented role suited for individuals comfortable working in remote locations and flexible schedules typical of mineral exploration programs.
